However, We also request you have the following in mind:

- 1.If the Delivery Rating is less, kindly check up why you could not supply the scheduled quantity and in future, try to deliver the quantities required by us every month. Please remember that we will suffer loss of production for want of material, if you do not supply us the scheduled quantity in a month. We are conflict that you not lead us to such a situation, especially when we have considered you as a dependable Approved Vendor and procure our requirements only from you.
- 2.If your delivery Rating is good and the quality Rating is less, kindly check up what has gone wrong at your end and why the materials supplied by you were not accepted by us. Try to avoid those quality problems in future supplies. Here againn, please remember that for every supply that is getting rejected at our end, you not only loose material cost but also the transportation charges incurred by you.

We assure you all possible help so that you overcome these problems and obtain good Vendor Ratings. To help you in this regard, We request you to feel free and inform us the ways in which we could of help to you. Your immediate action in this regard is requested.

Please be informed that for any reasons, if your scores are less than 60 % for three consecutive ratings, we will not be able to procure materials from you any more and your name will be removed from our List of Approved Vendors. We sincerely hope that this situation will not arise.

We once again request you to respond to our requirments on priority and wish you all the best.

Thanking you
